

TSMX/TSEFX

3-Piece, Metal to Metal,
Heat Treated Alloy Steel Body

Rod Ends Precision/ Heavy Duty

Suitable for many heavy load, high precision motion control applications, the Tuthill TSMX/TSEFX Series brings an upgrade of heavy duty performance to a precision 3-piece metal to metal rod end design (housing uses a heat treated alloy material instead of standard steels used in other 2- and 3-piece designs).

The ball is produced from bearing quality steel that is thru hardened and finish ground, adding to its precision fit and increased wear performance. The body and raceway are machined from heat treated alloy steel and are zinc plated for extended corrosion resistance. Its clear chromate finish is suited for high visibility exposed surfaces requiring "aesthetically pleasing" bright metal surfaces. Studded and right or left-handed thread versions are available. Grease fittings are optionally available.

The TSMX/TSEFX Series is just one of many within our broad line of precision rod ends. For full product line detail, contact us for a comprehensive catalog or visit www.tuthill.com and download individual product data sheets and other product information.

Description:

TSMX/TSEFX
Precision/Heavy Duty Rod Ends
3-Piece, Metal to Metal,
Heat Treated Alloy Steel Body

Applications:

Higher load, precision motion control devices and applications, including:

- Racing
- Construction equipment
- Scales
- Wide range of heavy industrial equipment

Features:

- 3-piece metal to metal design uses an upgraded alloy steel body and raceway for increased rod end strength
- Precision spherical bearing insert allows for optimum contact between the ball and race extending the product life
- Can be used in a wide range of temperatures: -65°F — 250°F (-54°C — 121°C)
- Offered in studded and right or left-handed versions
- Custom assemblies can be built to your specifications
- Meets SAE spec J1120

Other Related Products:

- MTSM/MTSF Precision/Heavy Duty, 3-Piece, Metal to Metal
- TSMX-T/TSEFX-T Precision/Heavy Duty, 3-Piece, PTFE Lined
